Patented.
Other patents pending.

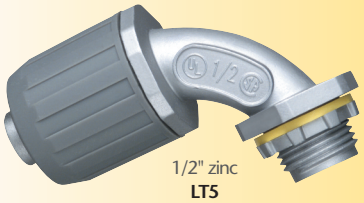
Save time and money with Arlington's plastic or zinc **SNAP2It®** Fittings! They offer the fastest, easiest installation on liquid-tight conduit.

FORGET the TOOLS!
To install these connectors, simply PUSH ON to conduit. That's it!

You'll get a super-secure, liquid-tight seal. Plus, they ship fully assembled – with no disassembly required.

Competitively priced, they're removable and reusable too.

- Straight and 90°
  1/2", 3/4" and 1" trade sizes
- **NEW LARGER SIZES**
  Non-metallic 1-1/4" • 1-1/2" • 2"
- **Non-metallic**
  for non-metallic liquid-tight conduit, type B
- **Zinc**
  for metallic and non-metallic liquid-tight conduit, type B



1/2" zinc
LT5

Straight 1/2" zinc LT5

The metal body of our ZINC fittings bonds to the metal core of the metallic liquid-tight conduit; bonding it to the box or enclosure where it forms a secure, LIQUID-TIGHT seal.
